Re: Fax to Richard in Australia

When I last spoke to Richard he said if I could get the following information to you before April 18th, you could fax it to him in Australia.

We are having a meeting on May 10th and I would like to make sure Richard has a chance to review what I am going to show the Board, since most of the ideas are his!

Therefore, I would appreciate it if you would fax it to him.

If there are any problems please call me at (415) 332-1716 or fax me at (415) 332-2416.

Thank you!

Stephanie Leonard
